

Worship Song Sudoku
by Lorinda Rodrigues

The Word Based Sudoku Puzzle uses the exact the same logic as the number Sudoku.

For number Sudoku you fill in the puzzle so that each row, column and 3x3 block contains the numbers 1 to 9 once. In this 'Word Sudoku' Puzzle - it solves like a number Sudoku puzzle but uses letters: fill in the Puzzle so that each of the 9 unique letters in the phrase 'WORSHIP SONG' appears exactly once in each row, column and 3x3 block. For the solution, see our Parish's website:

	O				P	S		
S		I						
P		G	W		R	H		O
G		O	N		I	W		H
R		H						
	W				O	P		
H		W		P			N	
			S					R
I		N		O			W
